

BQE Software Opens Australia Office to Meet Customer Demand for Affordable Time Billing & Project Management Solutions

Los Angeles , December 12, 2007 - BQE Software, announces that it has opened a new office in Sydney, Australia to market BillQuick, its award-winning Time Tracking, Project Management & Human Resources solution which integrates seamlessly with MYOB (ASX:MYO). The investment establishes a local Sales, Support & Training Centre and provides a solid foundation to support customer care, consulting services and account management throughout Australia and New Zealand.

“The addition of our Sydney office will allow us to better service our clients & strategic partners while enabling us to focus on increasing our customer base and brand recognition across the region,” said Shafat Qazi, CEO and Co-Founder of BQE Software. “Now, more than ever, professional services organisations and MYOB customers have real options for affordable, easy-to-use Time Billing, Project Management and Human Resources solutions.”

BillQuick recognised the demand for a local presence by the sheer number of client success stories and testimonials originating from the Australian & New Zealand region since entering the market last year. “BillQuick allows us to precisely track time and expenses by project giving us more direct financial control at a project level,” said Tom Bergstrom, Director at Bergstrom Architects, a multi-disciplinary architecture and interior design firm based in North Sydney. “Now, with BillQuick, we can see clearly which projects are generating profit and which are not, enabling us to better allocate resources ...all on a real-time basis,” said Bergstrom.

In addition to the new location in Australia, BQE Software also launched a new website for the region which can be accessed at www.billquick.com.au. The web site allows Australian customers to order their products in local currency and highlights local strategic partner applications and integration such as MYOB Premier Australia (v9 or later), MYOB Accounting and MYOB Accounting Plus. BQE Software’s added office location is BC 1.1B 65 Doody Street, Alexandria N.S.W 2015, Australia, and can be reached by phone at 1300-245-5669 (1300-BILL-NOW).

About BQE Software

BQE Software’s time billing and project management solutions create competitive advantage for professional services providers such as attorneys, engineers, architects, accountants and consultants. BQE’s flagship product, BillQuick, combines precision time tracking and intelligent invoicing with powerful project management and reporting tools – together delivering a complete solution that is priced to deliver quick return on investment. Widely regarded as the most comprehensive time billing system on the market today, BillQuick integrates seamlessly with popular accounting programs such as QuickBooks, Peachtree and Microsoft Office Accounting. BillQuick can be implemented rapidly and is supported with confidence and success. BQE Software is privately held with headquarters in Los Angeles, California and offices in Australia and India.
